

Black Eagle Photo Tours

Description:

Join photographer Ernest Porter for a guided tour to photograph the iconic Black Eagles, Makatsa and Thulane, in the Walter Sisulu Botanical Garden. Ernest has been a staff photographer for the Black Eagles Project since 2013 and has extensive knowledge of their behavior and routines.

You will be taken to the best vantage point early in the morning, when Makatsa and Thulane are most active, to increase your chances of capturing stunning photos. Ernest Porter will also give you guidance on which equipment will be best and aid you with camera settings, if you wish.
